PEOPLE TO PEOPLE SERVICE AUCTION

March 20, 2016

All arrangements for items or services are to be made directly with the donor of the item or service. Payment is made to the church on the day of the auction, cash or check, unless other arrangements are made with the auctioneer prior to that day. Services may be offered up to the opening of the bidding, with the understanding that they will not appear printed and will appear at the end of the day. If you are unable to be there in person on the day of the Auction, the most successful way to bid is to bid by proxy; i.e., have someone actively bid for you, and have your check or cash to present at the end.
