

FUUSM Fun Fridays

Join us for community and fun “classes” for a series of four Fridays (Oct 28, Nov 4, 11, and 18). Nancy Backus and Juli Gould will provide a light supper at 5:30 for those who would like to gather for socializing, and classes will run from approximately 6:30-8:30. Please sign up for the entire series if you can, and if you can’t come on a particular date, please let the instructor know you will not be attending. The crafters need to know how many supplies to gather.

To Register: Please email or call Juli Gould (juligould19@gmail.com or 508-954-9879) or Nancy in church. Registration will be first come first served until the classes are full. Indicate which class and whether or not you will join us for supper. Please register by Oct 23.

CRAFTS (Class size limit 8):

Oct 28: Whimsical Flower Painting with Sue St. Germain: Have fun with acrylic paints using a variety of artistic methods and materials. Sue St. Germain will demonstrate and then guide you to paint whimsical, colorful flowers with a sponge painted background on canvas board. (\$5 supply fee).

Nov 4: Needle Felting with Tanya Trzeciak: In this workshop you will create small, felted items that will have either a Thanksgiving or Christmas theme. Tanya has all the needed supplies.

Nov 11: Colorful Boxes with Andrea Priest: In this workshop, participants will learn how to make fun little boxes out of recycled greeting cards. These boxes can be used for treats, gift boxes or any other use you think of. It’s easy to learn, each box is created quickly and uses supplies found in most homes. If possible, participants should bring: greeting cards (holiday or other), scissors, ruler, pencil, white glue or clear glue (Elmer’s) and some kind of binder clip, clothespin, or paper clip. Some supplies will be provided for those who need them.

For those who want to, we can create boxes for our holiday fair.

Nov 18: Card Making with Debbie Waterman: Make an assortment of 3-D holiday and birthday cards.

GAMES (Class size limit 8):

Join Jeff Stevens (Oct 28 and Nov 11) and Christine Hoyle (Nov 4 and 18) for a fun night of games (New Games, board games, charades, etc.). A guaranteed great time.

MEAD MAKING (Class size limit 6 – supply fee TBD – Nov 4 only)

Join Brian Kowalski in learning to make your own mead. Brian will provide some of his mead for sampling as you learn the steps of proper fermentation. Brian can either tell you about the supplies that will be needed, or he can purchase a fermentation jar and lock for you. There will also be a small charge for the honey.
